WORKSHOPS FOR 2014

WITH JOHN AND HILARY

We will start workshop on the Thursday evening at 6pm with a sharing and dinner.

Our price is \$497 for a 2-night 2-day residential and \$747 for the longer three-day.

Our Christmas workshop with Marg, being our 3-day celebration, will be December 4-7.

We are hoping to repeat that wonderful conjunction of the three great healers in May 15-18.
But that will depend on whether Marg is free, which we wont know for a little while.

We have arranged a special one-week workshop in Ubud in BALI October 5-11.

We are partnered with one of Australia's great Yoga practitioners and teachers, Remy Quinter.
For a long time we have looked to replace the twelve wonderful workshops
we ran on Pumpkin Island, and this promises to be it.

We are also combining Yoga with personal development in the
April 10-12 workshop, and probably again in August 7-9.

We find the two make a powerful contribution by freeing the body as we free the mind.

Our first in the new year will be February 13-15 and March 13-15.

These will follow our popular two-day format on the full moon that starts on the Thursday evening and leaves
Sunday free for reflection before being thrown back into the maelstrom. There will be two similar two-day
workshops September 4-6 and November 6-8 just after our exciting week in Bali.
